

In Vatican City on September 28, 2024, Sabrina Pasterski, a faculty member of the Perimeter Institute for Theoretical Physics, will be named the 22nd Vexillum Sciacca Premio Assoluto.

The ceremony will take place in the presence of His Eminence Cardinal Raymond Leo Burke Honorary President of the Vexillum Foundation, as well as ecclesiastical, political and military authorities.

The Sciacca Family has defended human values and ideals for centuries. The 21 prior reigns of the Vexillum Sciacca Premio Assoluto include those of Cardinal Bagnasco, Cardinal Hoyos, and Cardinal Ratzinger, his holiness Pope Benedict XVI.

The Vexillum Sciacca Awards are based in the principles of volunteerism, the defence of human values and ideals, as well as the promotion of love and friendship among people and nations. The institution strongly contributes to distinguishing young scientists and artists, who have excelled themselves in their field of expertise. At the same time, it honors and rewards the work and personality of prominent people, from all over the world. The Awards are under auspices of the European Union, the Presidency of the Italian Republic, Italian Ministries etc. The ceremony takes place in Vatican City in the presence of significant personalities from around the world such as leading scientists, athletes and artists, with the participation of the national and international press and television networks.
